# RedLINK™ Wireless Product Selection Guide

## Honeywell

## Prestige® IAQ 2.0 and Prestige® 2.0 Comfort Systems

Prestige 2.0 Comfort Systems are now selectable for residential or light commercial applications. They also offer Delta T Alerts and Diagnostics (requires Equipment Interface Module EIM), have configurable staging options and include a user interaction log.

## Wireless FocusPRO® Systems – (Non-Zoned)

Everything you need to relocate a thermostat or upgrade equipment.

| | |
|---|---|
| | **Programmable Wireless FocusPRO Kit — YTH6320R1001**<br>Programmable FocusPRO, Equipment Interface Module and Return Air Sensor |
| | **Non-Programmable Wireless FocusPRO Kit — YTH5320R1000**<br>Non-Programmable FocusPRO, Equipment Interface Module and Return Air Sensor |

## EConnect™ Wireless Thermostats for Electric Heat

Thanks to RedLINK communication and the simple wiring of an Equipment Interface Module to an electric heat baseboard, convector or fan-forced heater, your customers can experience the comfort they want controlled from a wireless thermostat located exactly where they want it.

## Wireless Zoning Systems

When used with our RedLINK-enabled TrueZONE® Panels, the Wireless Adapter allows you to easily – and wirelessly – add zoning to a home or building; or, add more zones to an existing system.
