

95% AFUE GMS95 MULTI-SPEED GAS FURNACE

QUALITY MANUFACTURED

HEATING THAT REDUCES

OPERATING COSTS WHILE

ADVANCING HOME COMFORT.

- **NEW FOR 2006
\$150 TAX CREDIT**
- **10-YEAR UNIT
REPLACEMENT
LIMITED WARRANTY**
- **LIFETIME
HEAT EXCHANGER
LIMITED WARRANTY**

Air Conditioning & Heating

ENERGY EFFICIENCY IS KEY TO CONTROLLING THE COST OF HEATING YOUR HOME.

CHOOSE A HIGH LEVEL OF ENERGY EFFICIENCY FOR YOUR FAMILY'S COMFORT

As a homeowner, you try to find a balance between your family's comfort and your monthly energy costs. To meet those needs, we've developed the Goodman® 95% AFUE High-Efficiency Multi-Speed Gas Furnace. It's one of the most impressive furnaces we make, and we built it with your comfort in mind.

What should you expect from your Goodman 95% AFUE High-Efficiency Multi-Speed Gas Furnace? How about superior performance, efficiency and affordability? That's just what you'll get with Goodman.

DID YOU SAY "TAX CREDIT?"

Yes, we did. The Energy Policy Act of 2005 (EPACT) provides for tax credits of \$150 for homeowners who install single-speed furnaces with an efficiency rating of 95% AFUE or higher between Jan. 1, 2006, and Dec. 31, 2007. While we recommend that you consult with a tax professional to determine the application of this EPACT tax credit to your particular

situation, your Goodman GMS95 Furnace has an efficiency rating of 95% AFUE. Provided that you qualify, this \$150 credit would be subtracted from your total tax due, resulting in more money in your pocketbook, courtesy of the government. And that's in addition to the savings you'll realize year after year with a high-efficiency furnace!

QUIET OPERATION

Your Goodman High-Efficiency Furnace uses a multi-speed blower motor and sound-isolated blower assembly to reduce the noise levels common in other furnaces. Add a fully insulated, heavy-gauge steel cabinet, and the result is...extra-quiet comfort.

YEAR-ROUND ENERGY EFFICIENCY

Energy efficiency is key to controlling the cost of heating your home. The U.S. Department of Energy (DOE) established the Annual Fuel Utilization Efficiency (AFUE) system to calculate the annual operating cost of home furnaces. This furnace's 95% AFUE rating means 95 cents

of every \$1.00 of heating energy expense warms your home. Some older central heating systems rate at 60% AFUE, meaning only 60 cents of the gas burned contributes to your home's heating. The remaining 40 cents is lost energy – wasteful and expensive.

At 95% AFUE, your Goodman High-Efficiency Furnace meets the higher standard of the Environmental Protection Agency (EPA's) Energy Star Program.. Additionally, your Goodman 95% AFUE furnace is a low-NOx furnace, which emits fewer oxides of nitrogen than ordinary furnaces, contributing to better air quality.

RELIABILITY AND LONG LIFE

The heart of any furnace is the heat exchanger. Our patented, aluminized-steel tubular heat exchanger and stainless-steel recuperative coil have been tested to the highest industry standards. We guarantee their performance and back it with a LIFETIME LIMITED WARRANTY. The unit can fit any upflow/horizontal application, has an energy-saving Hot Surface Ignition system, and has integrated controls with diagnostics, plus a combination redundant gas valve and regulator for further safety and reliability.

*Unmatched performance,
efficiency and affordability. That's just
what you'll get with Goodman.*

QUALITY MANUFACTURING BACKED BY WARRANTIES AND SERVICE

GUARANTEED WARRANTIES

We guarantee your Goodman
95% AFUE High-Efficiency

Multi-Speed Furnace with one of the best
warranties in the industry. We cover its heat
exchanger with a **Lifetime Limited
Warranty*** to the original, registered
homeowner and provide a full
5-Year Limited Warranty on
all functional parts. Even better,
**if the heat exchanger fails within the
first 10-years of use by the original,
registered homeowner, we'll provide a
replacement furnace for free!**

For even greater protection and worry-
free ownership, ask your Goodman dealer
about **GoodCare**, an
affordable extended parts
and labor warranty for
your entire system.

GUARANTEED QUALITY

From Goodman, you can depend on well-
designed, top-quality, thoroughly tested products,
backed by the best standard and extended
warranties in the industry. All Goodman
production facilities are focused on strict,
quality-driven processes. Every single furnace
and air conditioner is run-tested before

shipment. This quality focus insures a trouble-
free installation and long product life.

NATIONWIDE SUPPORT

We supply our Distribution Network through
our new, state-of-the-art logistics center. And
with more than 700 distribution locations and
thousands of dealers coast-to-coast, you can
be confident that a qualified service provider
is always close by.

EXCEPTIONAL VALUE

Goodman offers the best product value for the
investment of any air conditioning and heating
manufacturer in the U.S.A.

Goodman can do this for several reasons,
including:

- As the second largest manufacturer of
residential air conditioning and heating
products, we have successfully negotiated
high-volume material purchase contracts
from the highest-quality manufacturers in
the world, which keeps our unit quality
high and the manufactured cost low.
- We continually invest in improving our
overall productivity.

MAJOR FEATURES OF YOUR GOODMAN FURNACE

Aluminized-Steel Tubular
Primary Heat Exchanger;
Stainless-Steel Secondary
Heat Exchanger

Quiet, Efficient Hot
Surface Igniter

Powder-Paint Finish

Corrosion-Resistant
Vent Blower

Insulated Cabinet

Electronic Ignition Control

Multi-Speed Blower

Yearly Heating Cost Savings Comparison by US City	95% AFUE Savings over 60% AFUE	95% AFUE Savings over 80% AFUE
Seattle	\$1,781	\$572
Minneapolis	\$1,504	\$483
Newark	\$1,410	\$453
St. Louis	\$1,210	\$389
Atlanta	\$1,016	\$326

1) The higher the AFUE, the greater the efficiency – and the lower the operating cost. AFUE (Annual Fuel Utilization Efficiency) is the industry measurement used by the Department of Energy.

2) These figures represent the heating cost savings of a 90,000 BTUH system at \$1.09/Therm and are based on formulas published by the DOE and EPA.

3) These figures are for comparison purposes only. Actual savings will vary according to personal use habits, square footage, location, how your unit is installed and the construction of your home.

Thank goodness for Goodman.™

**GOODMAN MANUFACTURING COMPANY –
A RECOGNIZED INDUSTRY LEADER**

Founded in 1982, Goodman Manufacturing Company, L.P., has grown into the second largest residential air conditioning and heating unit producer in the United States and the world's largest privately held air conditioning and heating manufacturer by providing the three most critical elements of customer satisfaction – quality, value and support. We invite you to compare... you'll be glad you did!

Air Conditioning & Heating

Our continuing commitment to quality products may mean a change in specifications without notice.
