3 Year Limited Warranty

Support

Free Support Included

Industry's Best **Integrated Controls**

(Auto-Switching Between Heat Pump & Fossil Fuel Based Heating System)

Designed to automatically switch between an electric source heat pump and a fossil fuel heating system based on a predetermined outdoor temperature. **Cielo Linked** helps you minimize the use of Aux heat (boiler or furnace) while optimizing the use of a heat pump, resulting in increased savings and comfort.

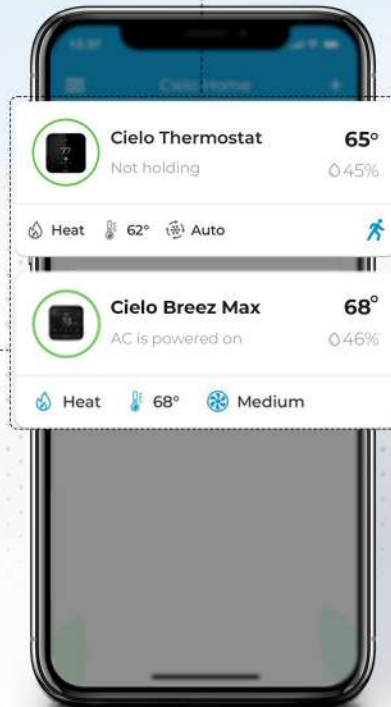

Industry's Best **Integrated Controls**

(Auto-Switching Between Ductless Heat Pump & Fossil Fuel Based Heating System)

Cielo Breez Max
(Smart AC Controller)

Ductless Heat Pump

Cielo Smart Thermostat

Fossil Fuel Based Heating System

Designed to automatically switch between ductless heat pump and a fossil fuel heating system based on a predetermined outdoor temperature. **Cielo Linked** helps you minimize the use of fossil fuel based heating system while optimizing the use of a ductless heat pump, resulting in increased savings and comfort.

Smart Home Compatibility

The Cielo Smart Thermostat is an attractive, well-priced smart thermostat that will make heating and cooling your home easier and more efficient.

This Wi-Fi enabled smart A/C controller turns your air conditioner or heat pump into a smart, easily manageable resource.

Offering the same smart control features for regulating a central air conditioning system to one of those manual old-school and — pardon the term — dumb AC units.
