AIR CONDITIONER

ENERGY-EFFICIENT

UP TO 14 SEER PERFORMANCE

Thank goodness
for Goodman.[®]

At Daikin Comfort Technologies, we believe in American dependability. Units are designed, engineered and assembled in the U.S.A.

Independent, dependable, courteous, prompt, honest, highly-skilled and respectful of you and your home. That's why all the time homeowners say,

"These guys are good – really good."

Why does **Goodman**® brand have such a large fan base?

Many of your neighbors may have discovered that a reliable and energy-efficient home comfort system doesn't have to cost a fortune. **Goodman** brand whole-house systems feature many of the latest and greatest money-saving technology benefits that we can offer. They are designed and engineered to run quietly and pretty much worry-free.

The **Goodman**® brand is one of the biggest names in home cooling, heating and energy-efficient home comfort. That's because **Goodman** brand lives up to its name in a big way, with time-tested energy-efficient technology, highly-durable materials and spot-on manufacturing. So, no matter where you live or whether your home is small or large, **Goodman** brand probably has a solution to help keep your home comfortable.

Goodman brand will keep you cool as a cucumber.

The best air conditioner is the kind you don't have to think or worry about. It comes on the moment you need it and then runs quietly and efficiently all year long as needed. The **Goodman** brand GSX13 is loaded with features designed to provide outstanding performance for years to come. We use advanced techniques and materials so you know the cozy, even temperature you feel in every corner of your home is an energy-efficient trend that's designed to stay for many years.

Don't let high utility bills make you lose your cool.

Our complete line of air conditioners are priced to help add comfort to your budget from a local independent **Goodman** brand dealer. And that's only the beginning. We want you to smile every time you open your utility bill, so we design energy-efficient technology into our units.

Taking pride in our company heritage.

Goodman brand heating and cooling systems are designed to provide refreshingly affordable and energy-efficient indoor comfort solutions using advanced technology. But the company ultimately adheres to some old-fashioned values, too. **Goodman** brand believes in the integrity of the American worker. That's why **Goodman** brand heating and cooling systems are designed, engineered and assembled in the United States.

Experience reliable indoor comfort for everyone in your home year after year after year.

A LOT GOES INTO EVERY GOODMAN® BRAND GSX13 AIR CONDITIONER

The art of precision

Energy-Efficient Compressor – Designed to provide years of reliable cooling comfort, it provides up to 14 SEER cooling performance for lower energy bills compared to lower SEER compressors.

Single-Speed Condenser Fan Motor – With advanced fan design, it provides dependable, quiet airflow across the condensing coil.

Goodman brand air conditioners simply work the way they're supposed to, making each one a thing of beauty.

Efficient Cooling Capacity – Five millimeter, refrigeration-grade premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-410A, chlorine-free, refrigerant.

Heavy-Gauge, Galvanized Steel Enclosure Cabinet – A louvered cabinet protects the coil, while its appliance-quality, post-paint, baked enamel finish protects your system from outdoor elements.

Factory-installed In-Line Filter Drier – Protects the refrigerant system from dirt and moisture for longer service life compared to units without filter driers.

SMARTCOIL™ TECHNOLOGY SMALLER IS SMARTER

Long ago the HVAC industry determined that the combination of copper tubing and aluminum fins provided the most efficient transfer of thermal heat available. Today, the **Goodman** brand has improved upon this industry standard by making the condenser coil copper tubing smaller and smarter. The result is a heat pump unit that can offer high efficiency, use less refrigerant, and deliver money-saving and energy saving comfort to you for years.

When your current air conditioner breaks, it's good to know that your local, independent **Goodman** brand contractor has financing options available to help defray what might be considered an emergency purchase for your home.

Thank goodness for **Goodman**®

SEER

"SEER" stands for Seasonal Energy-Efficiency Ratio, which is a measurement of a air conditioner's cooling efficiency developed by the U.S. Department of Energy. It's a simple formula: the higher the SEER of your unit, the greater its efficiency – and the lower your operating costs.

ONCE YOU CHOOSE THE GOODMAN® BRAND, YOU'LL PROBABLY BE A FAN FOR LIFE.

Millions across North America are big fans already. Once you choose a Goodman brand, you'll probably be a big fan, too! See why others are saying, "Thank Goodness for Goodman®."
